

MEMORANDUM

TO: Melinda Coleman, City Manager

FROM: Michael Martin, AICP, Economic Development Coordinator

DATE: December 11, 2015

SUBJECT: Consider a Conditional Use Permit Amendment and Design Review, Maplewood Auto Mall, 2529 White Bear Avenue

Introduction

Cooper Motors, located in the Maplewood Auto Mall, at 2529 White Bear Avenue, is requesting approval of a conditional use permit amendment and design review. They are expanding their 5,181 square foot building by 1,930 square feet and adding an additional 9 parking spaces to the property.

Background

March 22, 1988: The community design review board approved the plans for the Maplewood Auto Center. This facility was developed as an automotive center for auto parts, sales, and vehicle repairs.

November 22, 1999: The city council approved a CUP for Credit Equity Sales to open a motor vehicle sales business for this location. In the year 2000, this permit was taken over by Midwest Auto.

August 27, 2001: The city council approved a CUP for Alamo Car Rental to lease motor vehicles.

April 22, 2003: The CDRB (community design review board) approved a comprehensive sign plan amendment and design review change.

August 12, 2013: The city council approved a conditional use permit amendment and design review to convert the former gas station building on site to a used auto sales business. The council also combined the three active conditional use permits into a single permit.

October 14, 2014: The city approved a lot split creating 2525 White Bear Avenue and 2529 White Bear Avenue. The previously approved conditional use permit still applies to both properties and there is a shared parking agreement.

Discussion

Building Design

The addition will utilize the same materials as the existing building to provide a cohesive look. The north elevation exterior will have EIFS paneling and 3 metal overhead doors.

The entire exterior will be painted with a tan color to match the current building and the adjacent buildings.

Site Plan

The building addition would be built to the northwest of the existing building. The proposed nine parking spaces would maintain the existing setback established by the existing parking lot to the west. To the north of the proposed parking spaces an underground pipe is in place carrying Kohlman Creek eastward underneath White Bear Avenue. Because of the small size of the proposed project the watershed does not have any requirements. The city's wetland ordinance would be applicable, however Sec 12-310(c)(2)(b) deems existing buildings and structures as nonconforming and may continue. The city's zoning ordinance states in Sec 44-12(h) a property owner may expand a nonconforming structure or parking lot if the structure or parking lot maintains the existing minimum setback.

Parking

City ordinance requires motor vehicle repair shops to have two spaces for each service stall, one space for each employee, and one space for each business vehicle stored on site. The applicant is not adding staff or vehicles with this proposal so the required additional parking is six spaces. This property also shares parking with the adjacent auto center.

Landscaping

Most landscaping will be undisturbed by this project. The four trees that will need to be moved to accommodate the parking spaces will be relocated east of the parking lot expansion. The applicant's plans indicate 8 new shrubs would be planted. The applicant has stated the intention is to plant eight shrubs. The area around the nine new parking spaces will be re-sodded once construction is complete.

Lighting

The lighting on site will not change as a result of the addition.

Department Comments

Building Department

Nick Carver, building official – The addition will require the plans be drawn by a Minnesota registered design professional. Building permit may require a soils engineer. Site approach and features must meet all current accessibility requirements of Minnesota State Building Code 1341. The newly constructed addition must meet the current energy code requirements.

Fire Department

Butch Gervais, fire marshal – Applicant will be required to extend the fire protection system into the new addition, and must have permits and plans approved prior to starting the project.

Engineering Department

See Jon Jarosch's staff report attached to this report.

Environmental Review

See Shann Finwall's staff report attached to this report.

Commission Actions

Planning Commission

On November 17, 2015, the planning commission held a public hearing and recommended approval of the condition use permit amendment.

Community Design Review Board

On November 24, 2015 the community design review board reviewed the design plans for this project and recommended approval.

Budget Impact

None.

Recommendation

- A. Adopt the resolution attached to this report approving a conditional use permit amendment for auto repair, auto detailing, auto rental, used auto sales, auto washing and expansion of a nonconforming parking lot at 2529 White Bear Avenue. Approval is based on the findings required by the code and subject to the following conditions (additions are underlined and deletions are crossed):
1. All building expansion improvements for the Maplewood Auto Mall (Cooper Motors) ~~used auto sales business~~ shall follow the plans, date-stamped October 26, 2015 approved by the city. The applicant shall meet the requirements of the city engineer report, dated November 9, 2015 and the environmental planner report, dated November 10, 2015. The director of ~~community development~~ the environmental and economic development department may approve minor changes.
 2. The property owner shall comply with the signage requirements of the city code and the auto center's sign criteria.
 3. Fire protection systems (fire extinguishers and a sprinkler system) shall meet all requirements of the code. These systems shall be approved and installed before the applicant begins his business.
 4. All vehicles on-site shall be operational.

5. Ensure that there is no illegal parking on the site including no parking on the grass and no stacking of vehicles (i.e., two vehicles to one stall).
6. Ensure that the entire site is cleared of trash including all illegally dumped material located within the drainage ditch behind the auto mall.
7. Ensure that trash dumpsters are placed inside enclosures at all times.
8. Ensure that the site is in compliance with the city's temporary sign ordinance including obtaining a sign permit for all temporary signs over 12 square feet and only allowing one temporary sign per business located within the center.
9. Ensure that all landscaped areas are maintained including removing all weeds from the landscaped area around the base of the center's pylon sign.
10. There shall be no parting-out of vehicles outside the building and left in the parking lot.
11. Auto salvage businesses are prohibited from operating at this site.
12. The parking lot shall be kept clear of junk and dirt.
13. All service work that is needed on vehicles shall be completed inside a proper service garage. All garage doors shall be closed anytime vehicle repair work is in progress.
14. There shall be an after-hours contact person on record with the city's emergency dispatcher.
15. If the building occupancy changes, the property owner shall comply with all applicable code requirements relative to the new building use. A building permit may then be required.
16. Verify that the parking on-site does not obstruct fire department access for their trucks.
17. All tenants at the Maplewood Auto Center must adhere to the parking plan, dated July 8, 2013-November 17, 2015, as submitted by the property owner to city staff. A parking plan needs to be filed with city staff at all times indicating the property is meeting the minimum parking requirements and how the spaces are allocated to each tenant. A new parking plan shall be filed any time a suite changes use or the building is physically altered in any way. A new plan shall be filed with the city reflecting the expansion of the existing parking lot.
18. Parking in the center of the canopy, adjacent to the 2529 building, shall be for inventory only. A no customer parking sign shall be posted
19. The city council shall review this permit in one year.
20. The property owner shall provide city staff a plan for trash removal or design plans for a new enclosed structure for the 2529 building, subject to the city's design review process.

21. The property owner or manager is responsible for compliance of all conditions listed in this permit. If any tenant is found out of compliance the city will notify the property owner or manager in order to rectify the situation.

22. The expanded nonconforming parking lot shall maintain its existing setback.

B. Approve the design plans date-stamped October 26, 2015 for the building addition and expansion of nonconforming parking lot for the site located at 2529 White Bear Avenue. Approval is subject to the following conditions:

1. Approval of design plans is good for two years. If the applicant has not begun construction within two years, this design review shall be repeated. Staff may approve minor changes.
2. The applicant's proposed addition to the parking lot shall not be any closer to the north property line than the setback established by the existing parking lot.
3. The building materials and colors used for the building addition shall match the materials and colors for the existing building.
4. The additional parking spaces shall be striped per ordinance requirements.
5. Prior to issuance of a grading or building permit, the applicant must submit a cash escrow or an irrevocable letter of credit for all required exterior improvements. The amount shall be 125 percent of the cost of the work.
6. Satisfy the requirements set forth in the staff report authored by staff engineer Jon Jarosch, dated November 9, 2015.
7. Satisfy the requirements set forth in the staff report authored by environmental planner Shann Finwall, dated November 10, 2015.

Citizen Comments

Staff surveyed the owners of the 23 properties within 500 feet of the proposed revision for their comments. Staff received two letters with comments.

Comments

As long as they do not encroach on the creek. Please, please have it mandatory that the garage doors are closed when working on vehicles. Don't need the noise of airguns and hoist lifts. I already have the carwash noise going on next door. Thank you for the consideration (Carol Guzzo, 1876 County Road C East)

Looks fine to me. (David Hesley, 2607 White Bear Avenue)

Reference Information

Site Description

Site size: 1.14 acres

Existing land use: Automobile repair and used auto sales

Surrounding Land Uses

North: Condominium office unit and open space

South: Automotive uses

West: Automotive uses

East: White Bear Avenue and Goodwill

Planning

Land Use Plan designation: C (commercial)

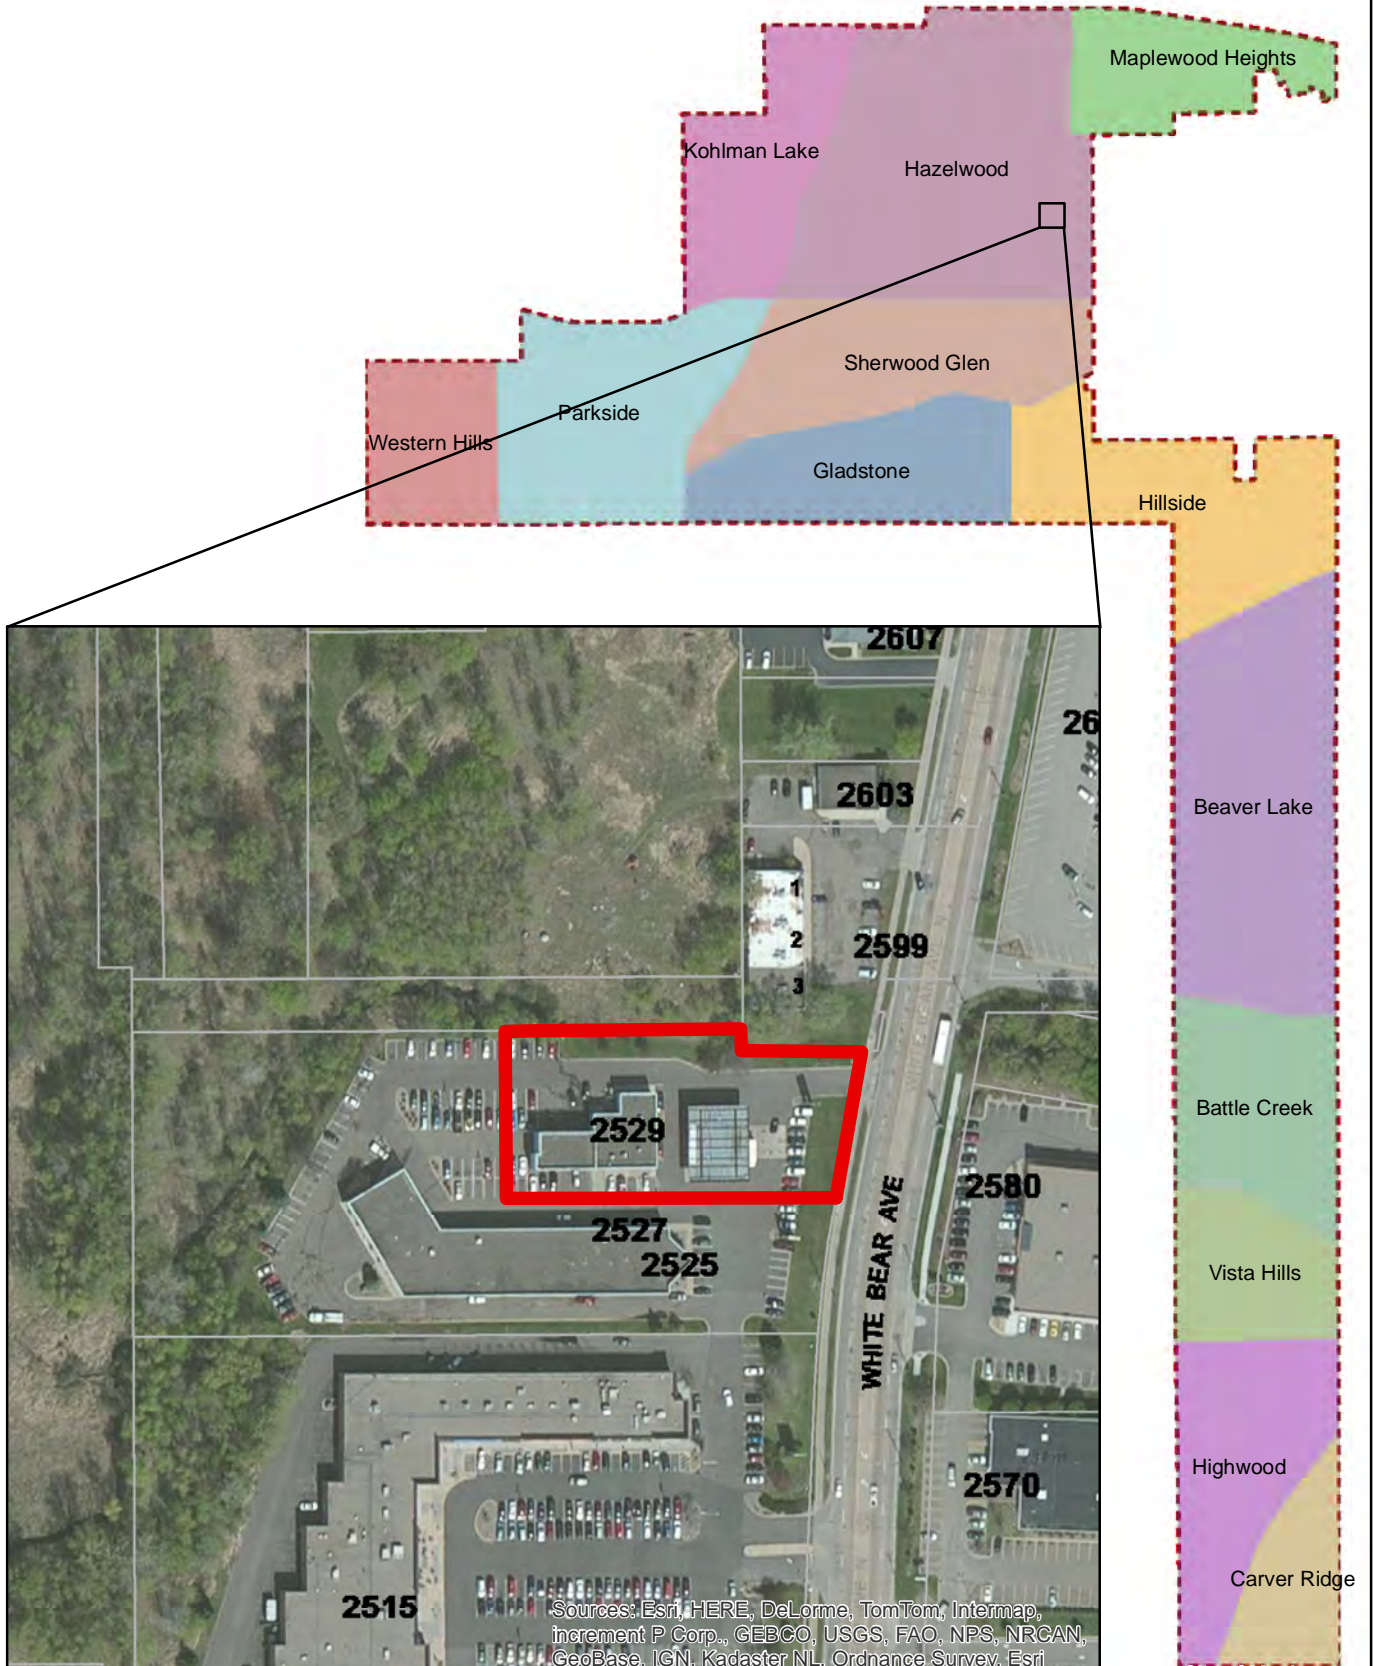

Zoning: BC (business commercial)

Application Date

The application for this request was considered complete on October 26, 2015. State law requires that the city decide on these applications within 60 days. The deadline for city council action on this proposal is December 25, 2015.

Maplewood Auto Mall - Addition
10/26/2015

PROJECT SITE DATA

A. Parcel basics

- a. The existing site is currently developed as the Maplewood Auto Mall.
- b. The site area is 4.142 acres.
- c. The existing building is a 5,181 sf structure that includes auto sales and a service area of 3 bays and a car wash bay.
- d. The building also includes a free standing canopy on the east side of the building.
- e. The site includes 19 parking stalls within the current lease area and a total of 101 parking stalls outside the lease area. (see survey)

B. Project Land Use

- a. The project site is currently zoned BC – Business Commercial and is approved under a conditional use permit.

C. Proposed Development Plan

- a. This application proposes to amend the conditional use permit to allow for a 1,930 s.f. addition of 3 service bays and small office area on the northwest corner of the existing building, and includes construction of 9 additional parking spaces for customer parking.
- b. The building addition shall be constructed to match the construction type and exterior appearance of the existing materials.
- c. The additional parking will require the relocation of 4 small trees as shown on the site plan and will not disrupt the current site lighting.
- d. The additional parking will not alter the existing grading and drainage of the site.
- e. There is no utility work associated with this project

D. Other Information

- a. It is not anticipated that this addition will generate any additional traffic.

Engineering Plan Review

PROJECT: Cooper Motors Building Addition
2529 White Bear Avenue

PROJECT NO: 15-26

COMMENTS BY: Jon Jarosch – Civil Engineer II

DATE: 11-9-2015

PLAN SET: Site Plan Dated 10-26-2015

The applicant is proposing to construct an addition to the existing building at 2529 White Bear Avenue. In order to accommodate customer parking for this additional space, the applicant is also proposing to create 9 new parking spaces along the northern property line. As the disturbance on this project appears to be under ½ - acre, and there is less than 5,000 square-feet of new impervious surface proposed, the project will not be subject to the City's water quality improvement standards.

The following are engineering review comments on the proposal and act as conditions prior to the release of permits:

- 1) A grading and erosion control permit is necessary prior to the start of construction activities. The applicant shall meet all requirements established as part of the permit. This permit will require an erosion control and grading plan.
- 2) A parking lot permit shall be obtained for the parking lot modifications. The applicant shall meet all requirements established as part of the permit.
- 3) Paved areas shall be kept free of construction related sediment and debris and shall be swept regularly.
- 4) Storm sewer catch basins that could receive runoff from the construction area shall be protected throughout construction.
- 5) Mitigation for the proposed parking lot addition could be achieved via the use of pervious pavement, the installation of rain gardens, or the replacement of existing pavement with green-space; to name a few options.
- 6) The owner shall be responsible for all SAC, PAC, and WAC fees associated with the proposed improvements.
- 7) The applicant shall detail proposed elevations surrounding the building and new parking areas. All new site improvements shall be ADA compliant.

- 8) The Owner shall satisfy the requirements of all other permitting and reviewing agencies.
- END COMMENTS -

Environmental Review

Project: Cooper Motors

Date of Plans: October 26, 2015

Date of Review: November 10, 2015

Location: 2529 White Bear Avenue

Reviewer: Shann Finwall, Environmental Planner
(651) 249-2304; shann.finwall@ci.maplewood.mn.us

Background

The applicant is proposing to construct a 1,930 square foot addition to the existing building at 2529 White Bear Avenue and add nine parking stalls to the north side of the parking lot. There is a Manage B wetland located to the north of the property, within the Ramsey County open space site.

A. **Wetland Ordinance:** The wetland ordinance requires a 75 foot buffer from a Manage B wetland. The existing parking lot is constructed to within 15 feet of the wetland and is considered a pre-existing nonconforming parking lot. The applicant is proposing to expand the parking lot with the existing setbacks. City code allows an applicant to expand a nonconforming parking lot if the parking lot meets the following conditions:

1. The zoning regulations permit the use.
2. The expansion would meet the minimum setbacks required by this chapter or the setbacks of the existing structure, whichever is less. To deviate from these requirements, the City may approve a conditional use permit, subject to the standards in this Code.
3. The minimum setback from the ordinary high-water level in a shoreland district would be at least the average setback of adjacent residential structures or 50 feet, whichever is greater.
4. All portions of the structure would be on the applicant's property.
5. Runoff from the overhang of the addition would not adversely affect an adjacent property.

Wetland Recommendations: Expansion of the parking lot meets the conditions outlined in City code for the expansion of a nonconforming parking lot. Therefore no wetland buffer variance is required. However, the City should ensure that runoff from the parking lot does not adversely affect the adjacent property and Manage B wetland. Prior to issuance of a permit the applicant shall:

1. Submit revised plans which show the mitigation of the parking lot. Proposed mitigation strategies include:

- a. Use of pervious pavement
 - b. Installation of rain gardens
 - c. Replacement of existing pavement with green-space
 2. The applicant shall submit a cash escrow or letter of credit to cover 150% of the parking lot mitigation strategy.
- B. **Trees Ordinance:** There are four 4-inch crab apples trees which will be removed and relocated on the site with the parking lot expansion. The applicant is also proposing to plant 8 techny arborvitae shrubs on the north side of the expanded parking lot.

The City's tree ordinance requires replacement of significant trees. Significant trees are defined as deciduous trees that are 6-inch diameter or larger, conifers that are 8-inch diameter or larger, and softwoods that are 12-inch diameter or larger. The relocation of crab apple trees does not require tree replacement according to the City's tree ordinance. But the City should review the landscaping on the site as part of the design review.

Tree Recommendations:

Prior to issuance of a permit the applicant shall:

1. Submit a cash escrow or letter of credit to cover 150% of the tree relocation and landscaping.

DRAFT
MINUTES OF THE MAPLEWOOD PLANNING COMMISSION
1830 COUNTY ROAD B EAST, MAPLEWOOD, MINNESOTA
TUESDAY, NOVEMBER 17, 2015

5. PUBLIC HEARING

a. 7:00 p.m. or later: Consideration of a Conditional Use Permit Amendment, Maplewood Auto Mall, 2529 White Bear Avenue

- i. Economic Development Coordinator, Michael Martin gave the report and answered questions of the commission for the conditional use permit amendment for Maplewood Auto Mall, 2529 White Bear Avenue.
- ii. The applicant, Shawn Cooper, Maplewood Auto Mall, 2529 White Bear Avenue answered a question of the commission.

Chairperson Arbuckle opened the public hearing.

1. Carol Guzzo, 1876 County Road C East, Maplewood addressed the commission. Ms. Guzzo wanted to make sure the maintenance doors are kept shut, she asked what the hours of operation would be and she was concerned that the parking stalls would not encroach on the creek.

Chairperson Arbuckle closed the public hearing.

Commissioner Tripler moved to approve the resolution approving a conditional use permit amendment for auto repair, auto detailing, auto rental, used auto sales, auto washing and expansion of a nonconforming parking lot at 2529 White Bear Avenue. Approval is based on the findings required by the code and subject to the following conditions (additions are underlined and deletions are crossed out):

1. All building expansion improvements for the Maplewood Auto Mall (Cooper Motors) ~~used auto sales business~~ shall follow the plans **date-stamped October 26, 2015** and approved by the city. The applicant shall meet the requirements of the city engineer report, dated November 9, 2015 and the environmental planner report, dated November 10, 2015. The applicant shall revise its landscape plan to show the location of 12 shrubs, per staff approval. The director of community development the environmental and economic development department may approve minor changes.
2. The property owner shall comply with the sign requirements of the city code and the auto center's sign criteria.
3. Fire protection systems (fire extinguishers and a sprinkler system) shall meet all requirements of the code. These systems shall be approved and installed before the applicant begins his business.
4. All vehicles on-site shall be operational.
5. Ensure that there is no illegal parking on the site including no parking on the grass and no stacking of vehicles (i.e., two vehicles to one stall).

6. Ensure that the entire site is cleared of trash including all illegally dumped material located within the drainage ditch behind the auto mall.
7. Ensure that trash dumpsters are placed inside enclosures at all times.
8. Ensure that the site is in compliance with the city's temporary sign ordinance including obtaining a sign permit for all temporary signs over 12 square feet and only allowing one temporary sign per business located within the center.
9. Ensure that all landscaped areas are maintained including removing all weeds from the landscaped area around the base of the center's pylon sign.
10. There shall be no parting-out vehicles outside the building and left in the parking lot.
11. Auto salvage businesses are prohibited from operating at this site.
12. The parking lot shall be kept clear of junk and dirt.
13. All service work that is needed on vehicles shall be completed inside a proper service garage. All garage doors shall be closed anytime vehicle repair work is in progress.
14. There shall be an after-hours contact person on record with the city's emergency dispatcher.
15. If the building occupancy changes, the property owner shall comply with all applicable code requirements relative to the new building use. A building permit may then be required.
16. Verify that the parking on-site does not obstruct fire department access for their trucks.
17. All tenants at the Maplewood Auto Center must adhere to the parking plan, dated ~~July 8, 2013~~ February 2, 2015, as submitted by the property owner to city staff. A parking plan needs to be filed with city staff at all times indicated the property is meeting the minimum parking requirements and how the spaces are allocated to each tenant. A new parking plan shall be filed any time a suite changes used or the building is physically altered in any way. A new plan shall be filed with the city reflecting the expansion of the existing parking lot.
18. Parking in the center of the canopy, adjacent to the 2529 building, shall be for inventory only. A "no customer parking" sign shall be posted.
19. The city council shall review this permit in one year.
20. The property owner shall provide city staff a plan for trash removal or design plan for a new enclosed structure for the 2529 building, subject to the city's design review process.

21. The property owner or manager is responsible for compliance of all conditions listed in this permit. If any tenant is found out of compliance the city will notify the property owner or manager in order to rectify the situation.
22. The expanded nonconforming parking lot shall maintain its existing setback.

Seconded by Commissioner Kempe.

Ayes - All

The motion passed.

DRAFT
MINUTES OF THE MAPLEWOOD COMMUNITY DESIGN REVIEW BOARD
1830 COUNTY ROAD B EAST, MAPLEWOOD, MINNESOTA
TUESDAY, NOVEMBER 24, 2015

1. DESIGN REVIEW

- a. Consider Approval of Design Review, Maplewood Auto Mall, 2529 White Bear Avenue**
- i. Economic Development Coordinator, Mike Martin gave the report and answered questions of the board.
 - ii. AIA, Architect, Nick Sperides, Sperides Reiners Architects, Inc., 4200 West Old Shakopee Rd, #220 Bloomington, addressed and answered questions of the board

Boardmember Shankar moved to approve the design plans date-stamped October 26, 2015 for the building addition and expansion of nonconforming parking lot for the site located at 2529 White Bear Avenue. Approval is subject to the following conditions:

1. Approval of design plans is good for two years. If the applicant has not begun construction within two years, this design review shall be repeated. Staff may approve minor changes.
2. The applicant's proposed addition to the parking lot shall not be any closer to the north property line than the setback established by the existing parking lot.
3. The building materials and colors used for the building addition shall match the materials and colors for the existing building.
4. The additional parking spaces shall be striped per ordinance requirements.
5. Prior to issuance of a grading or building permit, the applicant must submit a cash escrow or an irrevocable letter of credit for all required exterior improvements. The amount shall be 125 percent of the cost of the work.
6. Satisfy the requirements set forth in the staff report authored by staff engineer Jon Jarosch, dated November 9, 2015.
7. Satisfy the requirements set forth in the staff report authored by environmental planner Shann Finwall, dated November 10, 2015.

Seconded by Boardmember Lamers.

Ayes – All

The motion passed.

CONDITIONAL USE PERMIT RESOLUTION

WHEREAS, this permit for the Maplewood Auto Mall allows auto repair, auto detailing, auto rental, used auto sales, auto washing and the expansion of a nonconforming parking lot.

WHEREAS, this permit applies to property located at 2529 White Bear Avenue. The legal description is:

Lot I, Block 1, Maple Ridge Mall, according to the recorded plat thereof, Ramsey County, Minnesota, together with that part of Lot 2, said Block I, lying north of the westerly extension of the south line of said Lot 1.

Which lies easterly and northerly of a line described as beginning at the northwest corner of said Lot 1; thence on an assumed bearing of South 89 degrees 25 minutes 17 seconds West, along the north line of said Lot 2, a distance of 136.21 feet to the point of beginning of the line to be described; thence South 0 degrees 42 minutes 53 seconds East 163.86 feet; thence North 89 degrees 14 minutes 53 seconds East 299.59 feet to the easterly line of said Lot I and said line there terminating. (PIN 11-29-22-22-0043)

WHEREAS, the history of this conditional use permit is as follows:

1. On November 17, 2015, the planning commission held a public hearing and recommended that the city council approve this permit. The city staff published a notice in the paper and sent notices to the surrounding property owners. The planning commission gave everyone at the hearing a chance to speak and present written statements. The planning also considered reports and recommendations of the city staff.
2. On _____, 2015, the city council reviewed this proposal. The council also considered reports and recommendations of the city staff and planning commission.

NOW, THEREFORE, BE IT RESOLVED that the city council approves the above-described conditional use permit based on the building and site plans. The city approved this permit because:

1. The use would be located, designed, maintained, constructed and operated to be in conformity with the City's Comprehensive Plan and this Code.
2. The use would not change the existing or planned character of the surrounding area.
3. The use would not depreciate property values.
4. The use would not involve any activity, process, materials, equipment or methods of operation that would be dangerous, hazardous, detrimental, disturbing or cause a nuisance to any person or property, because of excessive noise, glare, smoke, dust, odor, fumes, water or air pollution, drainage, water run-off, vibration, general unsightliness, electrical interference or other nuisances.

5. The use would not exceed the design standards of any affected street.
6. The use would be served by adequate public facilities and services, including streets, police and fire protection, drainage structures, water and sewer systems, schools and parks.
7. The use would not create excessive additional costs for public facilities or services.
8. The use would maximize the preservation of and incorporate the site's natural and scenic features into the development design.
9. The use would cause no more than minimal adverse environmental effects.

Approval is subject to the following conditions:

1. All building expansion improvements for the Maplewood Auto Mall (Cooper Motors) ~~used auto sales business~~ shall follow the plans, date-stamped October 26, 2015 approved by the city. The applicant shall meet the requirements of the city engineer report, dated November 9, 2015 and the environmental planner report, dated November 10, 2015. ~~The director of community development~~ the environmental and economic development department may approve minor changes.
2. The property owner shall comply with the signage requirements of the city code and the auto center's sign criteria.
3. Fire protection systems (fire extinguishers and a sprinkler system) shall meet all requirements of the code. These systems shall be approved and installed before the applicant begins his business.
4. All vehicles on-site shall be operational.
5. Ensure that there is no illegal parking on the site including no parking on the grass and no stacking of vehicles (i.e., two vehicles to one stall).
6. Ensure that the entire site is cleared of trash including all illegally dumped material located within the drainage ditch behind the auto mall.
7. Ensure that trash dumpsters are placed inside enclosures at all times.
8. Ensure that the site is in compliance with the city's temporary sign ordinance including obtaining a sign permit for all temporary signs over 12 square feet and only allowing one temporary sign per business located within the center.
9. Ensure that all landscaped areas are maintained including removing all weeds from the landscaped area around the base of the center's pylon sign.
10. There shall be no parting-out of vehicles outside the building and left in the parking lot.
11. Auto salvage businesses are prohibited from operating at this site.
12. The parking lot shall be kept clear of junk and dirt.

13. All service work that is needed on vehicles shall be completed inside a proper service garage. All garage doors shall be closed anytime vehicle repair work is in progress.
14. There shall be an after-hours contact person on record with the city's emergency dispatcher.
15. If the building occupancy changes, the property owner shall comply with all applicable code requirements relative to the new building use. A building permit may then be required.
16. Verify that the parking on-site does not obstruct fire department access for their trucks.
17. All tenants at the Maplewood Auto Center must adhere to the parking plan, dated ~~July 8, 2013~~ November 17, 2015, as submitted by the property owner to city staff. A parking plan needs to be filed with city staff at all times indicating the property is meeting the minimum parking requirements and how the spaces are allocated to each tenant. A new parking plan shall be filed any time a suite changes use or the building is physically altered in any way. A new plan shall be filed with the city reflecting the expansion of the existing parking lot.
18. Parking in the center of the canopy, adjacent to the 2529 building, shall be for inventory only. A no customer parking sign shall be posted
19. The city council shall review this permit in one year.
20. The property owner shall provide city staff a plan for trash removal or design plans for a new enclosed structure for the 2529 building, subject to the city's design review process.
21. The property owner or manager is responsible for compliance of all conditions listed in this permit. If any tenant is found out of compliance the city will notify the property owner or manager in order to rectify the situation.
22. The expanded nonconforming parking lot shall maintain its existing setback.

The Maplewood City Council _____ this resolution on _____, 2015.
